# **INDEPENDENT AUDITORS' REPORT**

Board of Directors Jewish Family and Children's Service, Inc. and Subsidiaries Phoenix, Arizona

## **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of Jewish Family and Children's Service, Inc. and Subsidiaries, which comprise the consolidated statements of financial position as of September 30, 2020 and 2019, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

## Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Jewish Family and Children's Service, Inc., as of September 30, 2020 and 2019, and their changes in net assets and their cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## Emphasis-of-Matter Regarding a Correction of an Error

As discussed in Note 16 to the consolidated financial statements, certain errors resulting in overstatement of amounts previously reported for accounts receivable and government and contracts revenue as of September 30, 2019, were discovered during the current year. Accordingly, amounts reported for accounts receivable and grant and contracts revenue have been restated in the 2019 consolidated financial statements now presented, and an adjustment has been made to net assets as of September 30, 2019, to correct the error. Our opinion is not modified with respect to that matter.

## Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating schedules of financial position and activities and changes in net assets are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of Jewish Family and Children's Service, Inc., Twenty Thirty Three, Inc., Child and Family Solutions, LLC, Sojourner Center and JFCS Behavioral Health, LLC's (collectively the Organization) significant accounting policies consistently applied in the preparation of the accompanying consolidated financial statements follows:

## **Organization**

Jewish Family and Children's Service, Inc. (JFCS) was founded in 1936, obtained nonprofit 501(c)(3) status in 1955, and became nonsectarian in 1964. JFCS serves the diverse human service needs of families and individuals of all ages, races, and faiths throughout Maricopa County. The JFCS agency mission is to strengthen the community by offering high quality behavioral health and social services to children, families, and adults of all ages throughout Maricopa County, in accordance with a Jewish value system that cares about all humanity.

JFCS objectives include meeting and exceeding community expectations through a commitment to treat people with dignity and respect and to deliver services in accordance with a value system that cares about all humanity.

Child and Family Solutions, LLC (CFS) is a single member LLC and was founded in 2006.

JFCS Behavioral Health, LLC (BH) is a single member LLC and was founded in 2006.

Twenty Thirty Three, Inc., (TTT) is a nonprofit, nonsectarian organization which acquires land, buildings and equipment and subsequently leases those assets to JFCS under various operating leases.

TTT leases all of its buildings and equipment to JFCS. Various members of the board of directors of TTT are also members of the board of directors of JFCS.

Sojourner Center (SC) is an Arizona nonprofit corporation with a mission to overcome the impact of domestic violence one life at a time. SC was formed in 1977 and has provided safety, shelter, and an array of supportive services to victims of domestic violence for over 35 years. SC not only provides emergency shelter, but also offers extensive and comprehensive programs to help victims of domestic violence rebuild and redirect their lives. These programs provide a continuum of services including prevention and intervention, community education and victim advocacy. SC provides food, clothing, and other basic needs for victims and families; licensed childcare; a 24-hour crisis hotline; support to address career, education, and job advancement; legal advocacy; transitional housing; support groups; and domestic violence dynamics education classes for women and children whose lives have been affected by domestic violence.

The activities of TTT, CFS, SC, and BH have been consolidated with those of JFCS as JFCS exercises control over these entities.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Principles of Consolidation**

The accompanying consolidated financial statements include the accounts of JFCS and its subsidiaries. Inter-organization transactions and balances have been eliminated in the consolidation.

## Use of Estimates in the Preparation of Financial Statements

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Basis of Presentation

The Organization's consolidated financial statements have been prepared in accordance with the Not-For-Profit Industry Guidance within the Financial Accounting Standards Board (FASB) Codification (Guidance). Under the Guidance, the Organization is required to provide consolidated financial statements which are prepared to focus on the Organization as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions.

### Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated investment fund.

*Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## Net Assets (Continued)

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities and changes in net assets as net assets released from restrictions.

### Cash and Cash Equivalents

The Organization considers all short-term investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of cash held in checking, savings, and money market accounts.

### Certificates of Deposit

Certificates of deposit are brokered deposits and those with readily determinable fair values are measured at fair value on the consolidated statement of financial position. Declines in the fair value of certificates of deposit below their cost that are deemed to be other than temporary are reflected as realized losses. Certificates of deposit income or loss (including unrealized and realized gains and losses) on certificates of deposit, and interest are included in net assets without donor restrictions, unless the associated income or loss is restricted.

### **Receivables**

Accounts receivable are stated at net realizable value. Receivables consist primarily of amounts due from various governmental agencies and seven contractors within the Arizona Health Care Costs Containment System (AHCCCS) Complete Care health plans. Receivables are carried at the original invoice amount less an estimated reserve for doubtful receivables based on a review of all outstanding accounts. Management determines the reserve by identifying troubled accounts as well as evaluating receivables and considering a customer's financial condition, credit history, and current economic conditions. Receivables are written off when deemed uncollectible.

## Pledges Receivable

Unconditional promises to give (pledges receivable) are recognized as revenues in the period the promise is received and as assets, decreases of liabilities or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Monies received pursuant to conditional promises are reflected as deferred revenue. Unconditional promises to give that are to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates as determined by management that are applicable to the years in which the promises are made. Amortization of the discount is included in contribution support.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## Pledges Receivable (Continued)

Management provides for probable uncollectible amounts through a charge to earnings and an increase to a valuation allowance based on its assessment of the current status of individual pledges. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a reduction of receivables.

### **Investments**

The investments in equity securities with readily determinable fair value are measured at fair value in the consolidated statements of financial position as determined by available market prices. The Organization also has assets held by the Jewish Community Foundation of Greater Phoenix which are recorded at fair value based upon quoted market prices of the underlying assets. Investment income or loss (including unrealized and realized gains and losses on investments, interest, and dividends) is included in net assets without donor restrictions unless the associated income or loss is restricted.

### **Board Designated Net Assets**

As of September 30, 2020 and 2019, included in net assets without donor restrictions is \$723,672 and \$711,340, respectively, a board-designated investment fund held at the Jewish Community Foundation of Greater Phoenix, an unrelated entity.

### Property and Equipment

Buildings, leasehold improvements, vehicles, equipment, and furniture are initially recorded at cost, if purchased or at fair value at date of donation if contributed. The Organization's policy is to capitalize assets costing \$1,000 or more and with a useful life of greater than one year. Property and equipment are depreciated using the straight-line method over the following estimated useful lives.

Buildings and Improvements	5 to 35 Years
Furniture, Equipment, and Vehicles	3 to 5 Years
Software	7 Years

Improvements to leased property are amortized over the lesser of the life of the lease or life of the improvements. Amortization expense on assets acquired under capital leases is included with depreciation expense on owned assets.

Gain or loss on sale of assets is calculated by netting the book value of the investment in the capital asset against the consideration received on the asset sold.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Impairment of Long-Lived Assets**

The Organization reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets.

## Equity Investments

The Organization's investments in entities owned 20% or more, but not more than 50%, are accounted for using the equity method of accounting. Investments in entities owned less than 20% are carried at cost.

### **Contributions and Grants**

The Organization recognizes contributions when cash, securities, or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met.

At September 30, 2020 and 2019, the Organization had \$-0- conditional contributions that had not been recognized in the accompanying consolidated statement of activities and changes in net assets.

A portion of the Organization's revenue is derived from cost-reimbursable contracts and grants. Amounts received are recognized as earned and are reported as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Amounts received but not yet earned are reported as deferred revenue in the statements of financial position.

The Organization records unconditional contributions and grants from governmental agencies as with or without donor restricted support depending on the existence of any donor restrictions. All donor restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities and changes in net assets as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as net assets without donor restriction.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Revenue Recognition**

Contract revenue is recognized as encountered under various contracts. The Organization receives block funding in advance of service delivery which is initially recorded as deferred revenue. As service units are performed (encounters) revenue is recognized and unearned revenue is reduced. Any cash received in excess of the amount encountered is reported as deferred revenue. All other revenue is recognized during the period in which services are provided

## Deferred Revenue

The Organization recognizes amounts received from contracts and grants as earned when services are rendered under unit of service contracts or as allowable costs are incurred under cost reimbursement contracts. A receivable is recorded to the extent the amount earned exceeds cash advances, less an estimate made for amounts that may be uncollectible, which is determined based on management's judgment and historical experience with the contracting agency. Conversely, a liability (deferred revenue) is recorded when cash advances exceed amounts earned.

## Functional Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the consolidated statements of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The costs are allocated based on salary, professional fees, and square footage percentages.

## Income Taxes

Jewish Family and Children's Service, Inc. and Sojourner Center are exempt from federal income taxes under Section 501(c)(3) and Twenty Thirty Three, Inc., is exempt under 501(c)(2) of the Internal Revenue Code (IRC) of 1954 as amended and from state income taxes under ARS 43-1201. In addition, JFCS, SC and TTT have been determined by the Internal Revenue Service (IRS) not to be private foundations within the meaning of Section 509(a). Income determined to be unrelated business taxable income (UBTI) would be taxable. Management believes that JFCS, SC and TTT have no uncertain tax positions as of September 30, 2020 and 2019.

## Economic Dependency and Concentration of Credit Risk

The Organization received approximately 57% and 63% of its revenue through seven contractors within the Arizona Health Care Costs Containment System (AHCCCS) Complete Care health plans, during the years ended September 30, 2020 and 2019, respectively. The loss of this revenue source would have a materially adverse effect on the Organization.

## **Reclassifications**

Certain reclassifications have been made in the 2019 consolidated financial statements to conform classifications used in 2020. There was no effect on net assets previously reported.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### **Change in Accounting Principle**

The Organization adopted Financial Accounting Standards Board (FASB) Accounting Standards Update No. 2018-08, Accounting Guidance for Contributions Received and Made. The adoption did not impact the Organization's financial position as of September 30, 2020 or 2019, or the changes in its net assets or cash flows for the years then ended.

### NOTE 2 LIQUIDITY AND AVAILABILITY

The Organization regularly monitors the availability of resources required to meet its operating needs and other contractual commitments. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities to be general expenditures.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

## NOTE 9 FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

*Level 2* – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on assumptions that market participants would use in pricing an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy.

### **Certificates of Deposit**

Certificates of deposit are generally valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality, and type. Certificates of Deposit are generally classified within Level 2 of the valuation hierarchy. Certificates of deposit are held to maturity, with various maturity dates through September 30, 2024 and earn various stated rates ranging from 0.10% to 2.25%.

## NOTE 9 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

#### Investments Held by Jewish Community Foundation of Greater Phoenix

The Organization's investments held by Jewish Community Foundation of Greater Phoenix primarily consist of State of Israel bonds, corporate and governmental debt securities, and equity securities, which are held primarily at stock brokerage firms. The fair value on these investments, held by Jewish Community Foundation of Greater Phoenix, is determined as follows. Mutual funds are valued at publicly quoted net asset value. Equity and debt securities listed on a national market or exchange are valued at the last sales price, or if there is no sale and the markets are still considered active at the last transaction price before year-end. The State of Israel bonds are valued at face value, which approximates fair value. The amount recorded on the consolidated statements of financial position reflects the Organization's contributions plus (minus) the Organization's allocated share of the investment return on the entire pool of investments. This investment is classified within Level 3 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in valuation methodologies used at September 30, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Organization's fair value as of September 30:

JFCS recognizes the transfers into and out of Level 3 as of the date of the event or change in circumstance. During the years ended September 30, 2020 and 2019, there were no transfers into or out of the Level 3 category. JFCS has no funding commitments to the Jewish Community Foundation of Greater Phoenix.

## NOTE 17 RETIREMENT PLAN

The Organization has a Section 401(k) plan and a Section 403(b) plan under the IRC. Both plans have two contribution components: (1) a salary reduction arrangement plan, and (2) employer's qualified nonelective plan.

Under the salary reduction arrangement, employees may allocate a portion of their compensation in accordance with the IRC. The employer may at its discretion contribute a matching amount. In order to participate, employees must be at least 18 years of age to make salary reduction contributions to this plan. There is no minimum service requirement to make salary reduction contributions to the plan. An employee is automatically enrolled into the plan on the first of the month subsequent to the employee's date of hire.

## NOTE 17 RETIREMENT PLAN (CONTINUED)

To receive employer matching contributions, an employee must be at least 18 years of age and have completed at least one year of service and has worked a minimum of 1,000 hours. During the years ended September 30, 2020 and 2019, the Organization contributed \$0.50 for each \$1.00 of eligible contributions deferred from the employees' annual salary. A participant's "eligible contributions" equal the amount of the participant's elective deferrals for the plan year up to 6%. The total contribution expense was \$482,050 and \$471,827 for the years ended September 30, 2020 and 2019, respectively. Of those total contributions, the 403(b) Plan total contribution expense was \$91,308 and \$87,661 and the 401(k) Plan total contribution expense was \$390,742 and \$384,166 for the years ended September 30, 2020 and 2019, respectively.

Under the employer's qualified nonelective portion, the employer may contribute to the plan at its discretion. The employee does not contribute to this portion of the plan. To become a participant, an employee must complete one year of service and attain age 18. The total contribution expense for this qualified nonelective portion was \$-0- for the years ended September 30, 2020 and 2019.

### NOTE 18 ADVERTISING

The Organization uses advertising to promote its community programs and recruit employees. Advertising costs are expensed as incurred. Advertising expense totaled \$9,918 and \$15,835 for the years ended September 30, 2020 and 2019, respectively.

## NOTE 19 COMMITMENT AND CONTINGENT LIABILITIES

The Organization has a partially self-insured health benefit program covering medical and prescription claims. The plan includes a stop-loss provision that insures claims exceeding \$110,000 for the years ended September 30, 2020 and 2019.

The Plan offers health benefits to regular, full-time employees working 30 or more hours per week and their beneficiaries and covered dependents once a 60-day waiting period is met. The cost of health care services is recognized as a deduction in the period in which it is provided to participants. Liabilities for health claims incurred but not reported are estimated based on historical claims and industry trends.

### NOTE 19 COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

The Organization participates in a number of federal and state-assisted grant and contract programs which are subject to financial and compliance audits. The audits of these programs for, or including, the year ended September 30, 2020, have not been accepted. Accordingly, the Organization's compliance with applicable grant or contract requirements may be established at some future date. The amount, if any, of expenditures or fees for units of service which may be disallowed by the granting or contracting agencies cannot be determined at this time, although the Organization's management expects such amounts, if any, to be immaterial.

The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Organization, COVID-19 may impact various parts of its 2021 operations and financial results. Management believes the Organization is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.

In the opinion of management, the Organization was not involved, as of September 30, 2020, in any pending or threatened claims/litigation that could materially affect the Organization's financial position and changes in net assets.

### NOTE 20 ENDOWMENT

A fund was established in 2018 with insurance policies with cash surrender values from the Lane Foundation, of which \$273,107 was to be used to establish an endowment. The endowment was \$295,502 and \$276,313 for the years ended September 30, 2020 and 2019, respectively. The Organization has interpreted the Arizona Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as net assets with donor restrictions to be held in perpetuity (a) the original value of gifts donated to the Endowment, (b) the original value of subsequent gifts donated to the Endowment, and (c) accumulations to the Endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. The remaining portion of the donor-restricted endowment is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

## NOTE 21 CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash. The Organization places its cash with high-credit quality financial institutions and generally limits the amount of credit exposure to the amount in excess of the Federal Deposit Insurance Corporation (FDIC) insurance coverage limit of \$250,000. At various times throughout the year, the Organization's cash balances will exceed the federally insured limits. Management believes there are no unusual risks associated with current depository institutions.

### NOTE 22 SUBSEQUENT EVENTS

Management evaluated subsequent events through May 18, 2021, the date the consolidated financial statements were available to be issued. Events or transactions occurring after September 30, 2020, but prior to May 18, 2021, that provided additional evidence about conditions that existed at September 30, 2020, have been recognized in the consolidated financial statements for the year ended September 30, 2020. Events or transactions that provided evidence about conditions that did not exist at September 30, 2020, but arose before the consolidated financial statements were available to be issued, have not been recognized in the consolidated financial statements for the year ended September 30, 2020.

### NOTE 23 NEW ACCOUNTING STANDARDS

In February 2016, the FASB issued amended guidance for the treatment of leases. The guidance requires lessees to recognize a right-of-use asset and a corresponding lease liability for all operating and finance leases with lease terms greater than one year. The guidance also requires both qualitative and quantitative disclosures regarding the nature of the entity's leasing activities. The guidance will initially be applied using a modified retrospective approach. The amendments in the guidance are effective for fiscal years beginning after December 15, 2021. Early adoption is permitted. Management is evaluating the impact of the amended lease guidance on the entity's consolidated financial statements.

In May 2014, the FASB issued amended guidance to clarify the principles for recognizing revenue from contracts with customers. The guidance requires the Organization to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the Organization expects to be entitled in exchange for those goods or services. The guidance also requires expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. Additionally, qualitative, and quantitative disclosures are required regarding customer contracts, significant judgments and changes in judgments, and assets recognized from the costs to obtain or fulfill a contract. The guidance will initially be applied retrospectively using one of two methods. The standard will be effective for the Organization for the year ending September 30, 2021; however, early application is permitted.
